## Brothers United Inc. Certified HIV Tester and Counselor

**Mission Statement:** The mission of Brothers United Inc. is to enhance the health and wellness of our community, which includes sexual, gender, and racial minorities and the people who live and work in our neighborhoods.

**Vision:** Brothers United is working aggressively to end HIV within the next generation. Our aim is to be the leader in public and sexual health programs and initiatives for diverse communities throughout the Midwest.

**Job Description:** Brothers United is seeking a talented, flexible, and open-minded individual to join our HIV testing team. The certified counselor and tester has an important role in identifying individuals who are high risk for contracting HIV and connecting them to services and resources that help them remain HIV negative.

### Responsibilities:

- Provides culturally competent HIV testing and counseling in a non-judgmental environment
- Provides clients with referrals to necessary resources provided by Brothers United and external community partners.
- Develops and cultivates relationships with community partners to secure testing sites
- Represents Brothers United at testing and outreach events
- Responsible for community presentations and peer education on HIV and sexual health
- Responsible for data entry, tracking, and reporting
- Reports directly to the Director of Programs

### Qualifications:

- Bachelor's degree or two years of related work experience
- Competency working within the LGBT community and communities of color
- Certified in HIV 101/HIV testing and counseling (training provided)
- Willing to learn effective methods of outreach (traditional, street, & internet)
- Strong verbal and written communication skills
- Must be willing to work non-conventional hours

For more information or inquiries, please send questions and resumes to the Interim Executive Director, Terrell Parker at [tparker@brothersunitedinc.org](mailto:tparker@brothersunitedinc.org) or call 317-931-0292.
